

**LISTING OF THE CLAIMS**

1-26. Cancelled.

27. (original) A system for inflow and outflow of notes and coins, comprising:

- a) a single note infeed opening for inflow of different denominations of notes into said system;
- b) a single coin infeed opening for inflow of different denominations of coins into said system;
- c) at least one note detection component configured to identify and confirm the integrity of said notes;
- d) at least one coin detection component configured to identify and confirm the integrity of said coins;
- e) at least one note storage component, wherein a last infeed note of a denomination is the first fed out note of that denomination;
- f) at least one coin storage component, wherein a last infeed coin of a denomination is the first fed out coin of that denomination;
- g) note movement components for moving notes between said note infeed opening and said at least one note storage component;
- h) coin movement components for moving coins between said coin infeed opening and said at least one coin storage component;
- i) at least one automatic separation component for separating notes into different denominations; and
- j) at least one automatic separation component for separating coins into different denominations.

28. (original) The system of Claim 27, wherein said notes comprise notes issued by greater than one country.

29. (original) The system of Claim 27, wherein said notes comprise notes of greater than four denominations.

30. (original) The system of Claim 27, wherein said coins comprise coins of greater than four denominations.

31. (original) The system of Claim 27, wherein said system is less than 6 cubic feet in volume.

32. (original) The system of Claim 27, wherein said notes and coins in the process of inflow, storage, and outflow move through a countertop.

33. (original) The system of Claim 27, wherein said outflow of notes occurs through said note infeed opening.

34. (original) The system of Claim 27, wherein said outflow of coins occurs through said coin infeed opening.

35. (original) The system of Claim 27, further comprising a transport belt component in communication with said notes, wherein said transport belt component is configured to receive and deliver notes; said at least one note storage component in communication with said transport belt component, wherein said note storage component is configured to receive notes from said transport belt component and dispense notes to said transport belt component.

36. Cancelled.

37. (original) The system of Claim 27, further comprising a note detection changer component, wherein said note direction changer component is a note direction changer wheel.

38 - 99. Cancelled.
